

Sporta Leisure Trusts

Sporta leisure and cultural trusts are charitable social enterprises which operate a wide range of leisure and cultural services in communities across the UK - from the Shetland Isles to Cornwall, and from the Western Highlands to Kent. Together they provide 30% of public leisure centres in the UK. The facilities and activities which they deliver in partnership with local authorities support many kinds of physical activity, sports and community cultural services. Many facilities are open 7 days a week from early in the morning until late at night. The trusts are committed to being as accessible and affordable as possible for everyone and many operate in deprived communities. They support public policy objectives including public health and community cohesion. Sporta is the national association which represents leisure trusts.
